

HIDDEN AWAY IN YOUR eCOPY IS ONE OF THE MOST POWERFUL COST RECOVERY SYSTEMS ON THE MARKET!

THE COPITRAK eCLIPSE ES EMBEDDED

Control Systems Copittrak is Partnered with eCopy to bring to Law Firms one of the most User friendly Cost Recovery Systems Available. The Copittrak eEclipse Interface is the culmination of years of thoughtful design and engineering based on our clients' feedback. The eEclipse ES Software provides for easy tracking of Copy, Scan, and Fax on any eCopy equipped MFP.

Closer Look – eEclipse ES Features (The Smart Bar)

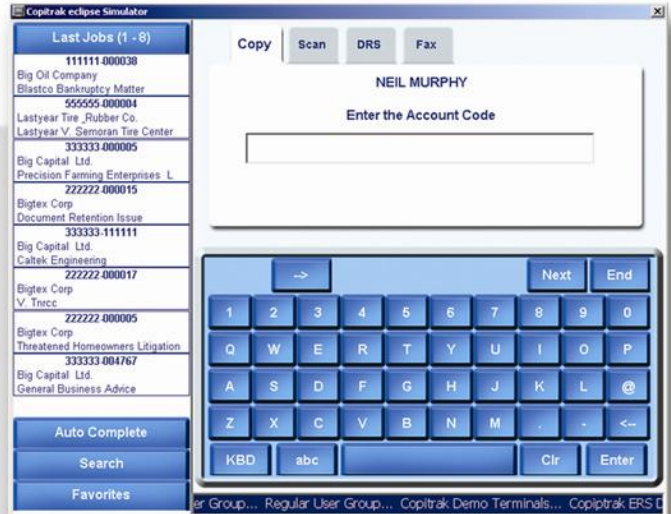

The Copittrak eEclipse System utilizes an Outlook Style Interface on the Left Side of the GUI to present Users with the Most Popular Features. We call this the Smart Bar. a places all of the Features of the Copittrak System just a Touch away. Here's a look at just a few of those features.

Last Job Client-Matter Recall – With a Single Touch Users are able to access Client-Matter Numbers they frequently use. Just touch and you're ready to begin working!

Favorites – User can store up to 20 Favorite Client-Matter Numbers for quick and easy access from any Copittrak Terminal or Application. Favorites stay put until the Client-Matter Number is closed or the User removes it.

Auto Complete –The eEclipse assists users in entering Client-Matter numbers by automatically showing all Available Client-Matters based on what the User has typed so far.

Super Search – Never used a Client-Matter number before? No problem, Super Search allows users to find Client-Matter numbers by typing in any portion of the Client Name or Matter Description.

While Copittrak is known for User Friendly Products it is the combination of a User Friendly Interface with Powerful Features that allows the Copittrak System to have one of the highest Billable Recovery Rates in the Industry.

control systems

COPITRAK ECLIPSE EMBEDDED PROVIDES FIRMS WITH A POWERFUL COST RECOVERY SYSTEM BUILT RIGHT INTO THEIR eCOPY SCAN STATION.

Eclipse uses true client/server architecture over TCP/IP to communicate back to central Copitrak server from any point within an existing LAN and WAN network. Standard Copitrak features such as Search, Recall and Favorites are a touch away; regardless of location making usage simple, fast and accurate.

- User Friendly Touch Screen Interface
- Smart bar interface for Quick Access to all Features
- Single Device at the MFP Handles Everything
- Global Last Job Recall and Ability to Store Client-Matter Favorites
- Super Search for Client-Matter codes
- Multi-language capability by user
- Secure Print from any eEclipse enabled Device
