Document Imaging Solutions
Nuance® eCopy PDF Pro Office

The smart PDF companion to MFP scanning

Powerful PDF creation, viewing, editing and conversion for less.

PDF

eCopy® PDF Pro Office 6 is the smart PDF companion to MFP scanning, enabling easy, yet powerful PDF creation, viewing, editing and conversion at a price that makes it affordable to put PDF software on every desktop. Including eCopy PDF Pro Office to your deals helps you:

– **Add value to your MFP sale** by providing powerful PDF capabilities that improve the paper-to-digital workflows initiated at the MFP

– **Replace Adobe Acrobat installations** by offering a more affordable PDF software alternative—including features that Adobe cannot match

– **Expand your revenue opportunity** with a PDF product designed specifically for desktop users AND MFP scanning integration

New Features in eCopy PDF Pro Office 6

– **Advanced Edit** mode converts and displays your document in a word processor-like interface, allowing for faster and more fluid editing right from the PDF application

– **Connect to your documents in the cloud** or document management systems, right from the "Open" and "Save As" menus

– **Create and verify PDF/A compliance** through the new Compliance Checker, and resolve issues with a single click

– **Combine PDF and Microsoft Office documents** quickly with automatic document assembly

– **Add notes to PDF documents** simply by speaking, with Dragon® Notes

Uncover the Opportunity

1. Do you have a need to edit PDF documents?

2. What PDF software do you currently use?

3. Who has access to PDF tools in your organization? How many have access?

4. Would it be beneficial to lower software costs without limiting access to PDF software?

5. Do employees in your company need to retrieve PDF files from document management systems or the cloud?

6. Do you have a need to convert a scanned form into a fillable form?

7. Do you ever have a paper document or a PDF you'd like to convert to a Word document?

8. Do you have a need to redact information from documents, or add stamps?

9. Are you required to create PDF/A files?

10. Is there a need to combine PDF and Microsoft Office files?
